Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

In response to Ms. Mangelsen's phone call of November 4, 2009 bringing to the Examiner's attention an IDS submitted on February 19, 2004, which had not been considered and had been inadvertently entered into the file as a Non-Patent Literature (NPL) document, this communication includes an initialed, signed, and dated copy of said IDS. The cited commonly owned co-pending applications do not change the patentability determination communicated in the Notice of Allowance mailed on September 28, 2009. No response from Applicants to this communication is required.
